Fill out the OFA health survey...

The Health Survey is ready and on the OFA website! This Health Survey is the third conducted by the Health Committee of the Keeshond Club of America and is the first conducted, analyzed and recorded for KCA by the OFA. The findings will be used to guide the research funds which KCA commits to scientific studies. Only by surveying the current health issues in our breed are we able to determine which issues are of the most significance to us today.

Access the survey by going to www.ofa.com. Scroll down the home page to locate the icon for “Breed Health Surveys.” Click the icon and the list of surveys will appear alphabetically.
